Cooking fever money hack download

Do you dream of becoming a chef at the luxurious restaurants in France? You want to cook delicious yourself, but you don't have enough material, time and money? Everyone won't be too far away when your phone owns Cooking Fever MOD APK (Unlimited Coins/Gems) – An addictive restaurant management game Nordcurrent. You will have the opportunity to manage your own restaurant and prepare delicious meals and desserts from all over the world. Table of Contents [ShowHide]If in Idle Coffee Corp., you get the experience of a coffee maker, so in Cooking Fever your role has changed. You will have the role of chef in preparing dishes as required by customers. You can choose one of the many unique places from fast food store, Oyster Bar or Asian restaurant. Become a chef with super skills in cooking techniques. There are lots of new and interesting dishes with a variety of ingredients for you to be creative. In addition, there will be a lot of tools in your kitchen. For example, coffee makers, toasters, popcorn machines, ... Everything will help you to make the dishes according to customer requirements and leave them to be most satisfied. Each level will have different visitors and waiting times. In the meantime, if they meet the needs, they will pay you. If not, they will leave and the food you make will be discarded. Build your own restaurantPlaying Cooking Fever will give you many new experiences. In addition to being a top chef, you are also a smart restaurant manager. After cooking delicious dishes, it is important to decorate the shop to attract visitors. Decorate the shop in your own way as tables and chairs, floors, ... So customers will love your restaurant and visit often with their friends. When visitors arrive more crowded, it means more requests for meals. At that point, you need to upgrade your kitchen and kitchen appliances to get the fastest capacity. Also create guest gifts such as butter cookies for more memorable experiences. It feels like real life! The higher the level, the more restaurants you have. The top-notch restaurants will be unlocked with more diverse dishes. So your restaurant chain will grow and grow. Attractive features of Cooking Fever1400 Level: There are over 1400 different levels for you to complete. Unique! In addition, you can play previous levels to earn more coins. Food: a variety of dishes with more than 1300 dishes prepared with 350 ingredients. This gives you a passion for cooking! Location: Many unique places like FastFood, Bakery, Seafood, ... are different and always up to date. Reward: In-game rewards include gold and experience. You can earn at levels up or completed missions. Upgrade equipment: use gold to upgrade kitchen appliances to make dishes faster. Each item has 3 stars to upgrade, and after each time the upgrade amount is higher. GraphicsKenik by Cooking Fever is carefully groomed to create eye-catching dishes by 3D graphics. Thousands delicious dishes are designed realistic, realistic, to real dishes. If you plan to lose weight, I think you should not play this game. In addition, a variety of sound effects in the kitchen, such as the sound of cooking, bring a sense of authenticity and interest in the player. All encased in 87 MB of memory, not too large.
